

Suggested timetable for June 29th – July 3rd 2020

Year 2

If you do not have access to Oak Academy or want to do a bit more, there are Maths and English lessons/resources available to collect from school or download from our website that have been created by Miss Dunn.

	Monday	Tuesday	Wednesday	Thursday	Friday
Reading	Read some of your reading book and find some words you didn't understand. Use an online dictionary to find the meanings of these words.	Spend 20 minutes quietly reading on your own today. Find a space in your house that is calm and quiet and enjoy reading to yourself.	Get someone in your family to read with you today and ask you questions to see how much you could remember. Try answering the questions without looking back in your book!	Draw a character from your book and write some adjectives to describe them around the outside.	Pick one of your favourite books and draw your favourite part from it. Mine would be when Harry Potter finds out he is a wizard.
Writing / Punctuation / Grammar	https://www.thenational.academy/online-classroom/year-4#schedule – WEEK 10 - choose the correct day of the week and then the English lesson for that day.				
Spelling / Phonics	Pick 10-15 spelling words off the Year 2 Spelling List and practice the same ones all week. You can write them, draw them in bubble writing, use them in sentences, make a crossword, jumble them up and put them together again, play word bingo, make a spelling wall, make cards with them and play pairs or snap, make a jigsaw out of the words, stick them on the fridge and more. Have a look online for other fun ways to practice!				Get an adult to test you on your spellings. How many did you get right? Are there any to carry on practicing next week?
Maths –	https://www.thenational.academy/online-classroom/year-4#schedule – WEEK 10 - choose the correct day of the week and then the Maths lesson for the day.				
Times Tables	TT Rockstars – 10 – 20 mins everyday (please email for log-in if you have lost this)				
Topic / Creative	https://www.thenational.academy/online-classroom/year-4#schedule – WEEK 10 - choose the correct day of the week and then the Topic lesson for the day.				
	OR				
	<p><u>Let's get historical</u> I have been having fun finding out all about my family tree recently. I have learnt that my great-great grandma is actually from Ireland!</p> <p>Can you sit with your family and begin to draw your family tree? Start with you and keep going as far back as you can.</p> <p>It would be a good idea to talk to older people in your family to find out about their parents too.</p>	<p><u>Let's get moving</u> How many can you do... Time yourself for 30 seconds and see how many of these exercises you can do!</p> <p><i>Star jumps in 30 seconds</i> <i>Bunny hops in 30 seconds</i> <i>Press ups in 30 seconds</i> <i>Hops in 30 seconds</i> <i>Squats in 30 seconds</i></p> <p>Then see how long you can balance on one leg for. Can you beat your parents?</p>	<p><u>Let's get creative</u> Salt dough is amazing! You can create so many sculptures with it. Have a go at making some salt dough and building some sculptures to decorate your house.</p> <p>1 cupful of plain flour (about 250g) Half a cupful of table salt (about 125g) Half a cupful of water (about 125ml)</p> <p>Mix the flour and salt in a large bowl. Add the water and stir until it comes together into a ball. Transfer the dough to a floured work surface and shape into your chosen model.</p>	<p><u>Let's get scientific</u> The skittle experiment!</p> <p>Arrange some Skittles in a single row coloured pattern around the edge of a plate.</p> <p>Pour over enough warm water to cover all the Skittles and the plate itself.</p> <p>Watch and wait as a rainbow appears on the plate, the colours will move towards the middle and create a whirl of colour.</p>	<p><u>Let's get funny</u> Jokes are really funny and can make lots of people laugh.</p> <p>Create your own joke book. Write down any jokes you already know and ask your family for ones they know. Use the internet to search more jokes and add them to your book.</p> <p>It would be a nice idea to share the joke book with a family member you haven't seen in a while.</p>

These are suggestions of activities – some may take more than one day, or you might get so into it that it branches off into amazing things – go for it!!
